

THE COMMONWEALTH OF MASSACHUSETTS

EXECUTIVE DEPARTMENT

STATE HOUSE • BOSTON 02133

(617) 725-4000

DEVAL L. PATRICK
GOVERNOR

TIMOTHY P. MURRAY
LIEUTENANT GOVERNOR

January 4, 2008

To the Honorable Senate and House of Representatives:

I am filing for your consideration a bill entitled "An Act Providing for Capital Facility Repairs and Improvements for the Commonwealth".

The citizens of the Commonwealth need and deserve a well-functioning and responsive government in order to stimulate economic growth in our communities, preserve public safety, provide basic government services, ensure the effective administration of justice and address the needs of the most vulnerable members of our society. In order to effectively perform these essential government functions, the state needs to make targeted investments to support local economic growth, and it needs well-maintained buildings and facilities, modern and secure information technology systems and state-of-the-art equipment.

In order to fund these planned capital investments over the next five years, the Governor is filing a \$2.5 billion General Government Capital Needs Bond Bill.

Specifically, this bill includes:

- \$500 million for improvements to our court facilities.
- \$450 million to modernize critical state information technology systems.
- \$400 million for the Division of Capital Asset Management and Maintenance for capital repairs, on-going maintenance and unforeseen emergency capital needs at state office buildings and facilities.

- \$250 million for the acquisition of equipment that is currently funded from the annual operating budget.
- \$105 million for Executive Office of Public Safety equipment programs.
- \$100 million for the Board of Library Commissioners to construct 31 new libraries across the state.

Also included is a 10-year, \$450 million authorization for improvements to state and county correctional facilities. These investments will be guided by a comprehensive 10-year master plan currently being developed for correctional facilities. The plan is scheduled for completion by December 2008.

Most importantly, the Commonwealth is able to afford this \$2.5 billion in investments to the Commonwealth's capital facilities, based on the Administration's five-year capital investment plan and the related debt affordability analysis published last August which has been positively reviewed by several credit rating agencies.

In light of the urgent need to provide improvements in the transportation infrastructure in the Commonwealth, I urge prompt action to enact this bill.

Respectfully submitted,

The Commonwealth of Massachusetts

IN THE YEAR TWO THOUSAND EIGHT

AN ACT PROVIDING FOR CAPITAL FACILITY REPAIRS AND IMPROVEMENTS FOR THE COMMONWEALTH.
